## About This Content

Bringing the flavor of the Deadfire Archipelago to the Dyrwood, the Deadfire Pack adds four all-new, soulbound items for players to equip and level up as they play *Pillars of Eternity*, along with a bevy of pirate outfits and weapons, all inspired by the upcoming Pillars of Eternity II: Deadfire.

## Included in this DLC:

### Soulbound Items:

- Company Captain's Cap
- War Club of the Mataru
- One-Eyed Molina's Gold-Fingered Spike-Finger

- 
- Belt of the Royal Deadfire Cannoneer

### **Other Unique Equipment:**

- Pirate Outfits:
- Helmsman's Uniform
- Deckhand's Uniform
- Boatswain's Uniform
- Sabre of the Seas
- Fulvano's Blunderbuss

---

There are games that are repetitive. This is a virtual Xerox machine. It's basically a first-person version of Cake Boss or those stupid task games, with what tries to be a horror setting. You go around collecting trash off the diner's tables while running around trying to keep the place quiet by turing off appliances that come on through ghostly interference, so it doesn't bother the mean ghost spirits that were buried in the good ol' Indian cemetery trope the diner Is built on. At the end of level 1, level 2 is exactly the same map and everything, except there's more trash to collect and more noise to avoid. And apparently it does this for 10 BLOODY LEVELS.

I'm glad I didn't pay more than \$3.99 on Steam's Summer Sale. You shouldn't either.. All these reviews and nobody mentioned the master detective in this game is Jonny Knoxville.. Greedy DLC practices.. This has potential but feels very clunky at first examination.. Kirby meets Enough Plumbers.

One of those games I just had to 100%.. One of the biggest things I like about this skin is that it has a different voice when playing. I like having different voices while playing because it can get repetitive to always hear the same mans voice. She has cleaver responses to what she wants when she is crying out for help and other things. I really like this skin but as with the other skins in the game it doesn't give you an advantage while playing the play. Its just for aesthetic purposes and is just for the people you are playing with. They get to enjoy it alot more then you do since they are looking at her all the time. I really like this character and I highly recommend it to anyone who is a hard core player of Killing Floor.. I'm going to go an ahead and recommend it as far as an H-game goes. (I may or may not be using a certain patch. ) ( \u0361\u00b0 \u035c\u0296 \u0361\u00b0)

HOWEVER! I honestly don't really enjoy these games all that much. Really, all the h-scenes and everything is a little overkill and burns you out a little... like you kind of wish the game actually had some unique side quest instead of them all ending in sex. (Seeming rp 90% of the time.)

It's a H-game though, so I'm not sure what I was expecting tbh. \u00af\\_(\u30c4)\\_ \u00af

Anyways. As far as an H-games goes, it's pretty good. Has a great art style, and I love how they didn't make it as if you were just playing another rpg maker game. Also love how it actually shows the costume your wearing at the time during the spicy scenes.

As a H-game: 8.5/10

As a game: 6.7/10

Beware: Get the patch at your own will! (If you like fighting, and the game is spicy enough for you as is... then the patch might put it a little over the top... however it actually does provide more "content". o3o). it's not good, it's not bad. but it is interesting, and quite a bit humorous.

---

This game's novel approach to difficulty makes it unusually engaging. This is not a game you will sit down and complete in a single game. Make no mistake, this game is CHALLENGING and you will fail, repeatedly. But nor is this game inordinately punishing in the vein of an actual roguelike such as NetHack. A large part of the progression comes in terms of your own personal skill and strategy, which will develop over multiple play-throughs.

There aren't many games about firefighting, and this one does it in comic, challenging style. It deserves more players.. This game is amazing!!!! Omg best CCG I have ever found yet. =]. It plays about how you would expect. Gameplay is pretty much as in-the-box as you can get and feels very simplistic. It's probably not something you're going to want to play for anything more than an hour, but nothing about Sparkle 3 Genesis is actually bad.

It's not a bad game to play in the background, but it's definitely not a game to which you would want to dedicate a significant amount of attention.. really nice game and really cheap, the history is nice and i just tried it once and got stucked for 2 hours in the game.

. Simple:

Pros:

+ Nice Graphics.

Cons:

- Heavy CPU usage, with my i7, and 8 giga ram, and 512 GPU I still had lag, even when in idle states.

- Bad gameplay.

- Bad control system (unresponsive).

- Too much gimmick, single shots will always kill anything. everything else is redundant or weaker.

- Too much of the same. It looks like it was trying to get COD fanbase, then went after battlefield, then after Diablo fans, then the trainwreck started its derail process.... It has many features, while none are necessary or incentivate the player to use them.

This is certainly Milestones best effort so far and likely the best ever official MotoGP game!!!The only thing I miss is historical content. Maybe that will come as a DLC or maybe not, but I hope that it will come back sometime in the future.. It's alright 9/10. I just read all the way trough this VN and it was not worth it, don't waste your time on these games! Just go to Community Hub - Screenshots. That is really all this game has to offer. The story is just way too long and way too blend to keep you interested, when i was about 70% trough i just skipped the rest of it. But i have a feeling that people already know that.. these games are mediocre at best.. The only purpose of this type of experience would be education and this isn't educational. If you're making an experience about a real place it should be accurate. While the size of the tomb felt right, the contents in it were all very inaccurate. The "Information" elements were also very uninformative. It didn't make it fully clear what they were talking about and the narration overall didn't feel passionate or make you want to listen to it.
